

A Dedication

I accepted the invitation to be present at the dedicatory services of the Center Chapel Brethren church on April 14.

I reached Roann on Saturday and spent a very pleasant day with my brother, W. H. I preached at Roann on Saturday evening. I met a number of Brethren enthusiastic for the cause.

On Sunday morning—a typical spring morning—brother Jno. Lowman conveyed me to the new church, located about seven miles south west of Roann. A very large congregation assembled for the dedicatory services. It was an inspiration to preach to the audience. All seemed to be so much interested. In the evening again the house was crowded. The services were concluded by solemnly setting apart the house to the holy service of God.

The members here deserve no little praise in the good work thus begun. May they never let it remain unfinished. The church, as it seems to a stranger, is well located. I think that in time a good congregation of Brethren will be here built up. A number of Brethren from Mexico and Roann were present. I enjoyed meeting them.

Brother William will continue the meeting for at least several weeks. May God give him many souls for his labors.

Altogether I had a most pleasant trip. I came back in time to take up my work at the College on Tuesday morning.

Gleanings From the Wayside

The world moves on, the billows roll high and are lashed into foam by the mighty tempest, but the old ship Zion never loses her bearings. Men come and go, nations rise and fall, but in Him who said, "The power belongs to me," is perfect safety from the windy storm and tempest. Our city is mourning the loss of two mothers in Israel that are corpse today while the mourners go about the streets, but then it is only a verification of scripture "that dust thou art and unto dust shall thou return."

Our last meeting at Poplar Grove was well attended with good interest thru out. Hope it may continue.

Last Sunday was our service at Auburn Junction. Good interest. Sunday school at 9:30, preaching at 10:30, Young Peoples' meeting at 7, preaching at 8, a day well spent in the Master's vineyard.

At our next appointment at Poplar Grove, the first Sunday in May, the Sunday School union will meet at 1:30 p. m.. A cordial invitation is extended to all who can meet with us in that service. Announcements will be found below.

We are grateful to the giver of all good for health and strength sufficient to be on my work again as usual.

POPLAR GROVE ANNOUNCEMENTS

My trip to North Liberty last Sunday was a surprise. Our service south of Walkerton reached high water mark in attendance, and hope for the harvest sometime.

There is a church building for sale in Walkerton that we should have. We might build up a church there. It is a good live town.

On arriving at North Liberty Sunday morning, after a ten mile drive, I certainly was surprised to find our little church full of people. The Sunday school is a pronounced success with Brother Frame as superintendent. He says they have the best school in the town. All are encouraged and feel sure of victory. Communion service at this place the second Saturday evening of June, the 8th.

The church is at work here as will be seen by the growing attendance and the successful Sunday school. A brother and sister, living in South Bend, attended our Sunday service and returned home, feeling encouraged. I hope they will go to work at South Bend and help the cause there. I know that Brother Braker will be glad to see them at their services. To the work all along the line is what we need.

I am glad to know that Zanesville has regular services. Brother Wirick is back with us again and I hope he will succeed in his effort to build up some of the dormant places in Israel. There is plenty of work for all who will work.

Claypool has found the man to hold revival meetings, in Brother Yoder, and hope he is stirring the town. He began April 8. I have no report, but hope to get there before he closes the services. Brother Rensch was here last week and held service on Wednesday evening. Attendance good. One addition from the G. B's. This is the Mt. Union church. We will try to arrange for regular services as there is objection to all going to Goshen; and we could do more than we are doing here. I feel glad that some are anxious to have regular service again.

Say, Nappanee, don't get proud now and have services every Sunday, morning and evening. I am glad you are taking all Brother Flora's time, but send him into that country north of you where there is no Brethren church on Sunday morning once a month. I will find the place. I had a call from there. Spread out the way the early church did. Don't be selfish; we enrich the cause by giving, not by getting. They want Sunday service north there at a school house. It is a poor time for week day service in the country.

Just now our union meeting at Dunlaps is well attended. Six preachers there; \$28.00 for mission work. Next one at New Paris. There are few places but what are having services now. Far better have week day service than none at all, and you could all have that.

College Notes

The Lowell Literary Society by unanimous vote, accepted Marcus Witter to membership.

The Mamie Downey room at the Dormitory has been beautifully and tastefully fitted up and furnished and is a fitting memorial of her.

H. M. Oberholtzer preached at Mansfield Sunday and married a woman—to another man. Harvey is becoming popular with the young people there.

A letter from Case school of Applied Sciences, Cleveland, O., states that by vote of its faculty, the graduates of our preparatory course will be admitted without examination to regular standing in that college. The Case is one of the professional

schools and their action is a strong endorsement of the thoroughness of our work.

Prof. Miller preached an eloquent and convincing sermon in the College Chapel Sunday. At the close of the service C. M. Holsinger was received into the church thru confirmation. Mr. H. is a genial young man and his student friends are rejoiced at his having taken this most important step.

The class in Zoology are taking deep interest in their work. Prof. Witter has just received a good collection of specimens for study and dissection, among which are a shark, sting-ray, fiddler and horse-shoe crab, sea anemone, sea squirt, sea urchin, and a number of star-fishes and siliceous sponges.

Chemical Oil Painting

Have you ever seen a chemical oil painting? It is done on glass and possesses a brightness and brilliancy that canvass never can possess. It will not fade, blur, dim or crackle. Pictures can be made any size.

If you will send me your picture or your wife's picture, or the picture of that dear one gone over yonder. I will paint it for you, and believe me, you will be pleased. If not, your money will be refunded.

Send a good photograph. Write on the back of it the color of hair and eyes.

I will make a picture 14x18 inches and frame it in plain strong frame for four dollars. Prices for other sizes quoted on application.

I put this notice in the paper that I may make money to help pay for our church. I will give one half of all profits to the church building fund of the Dayton Mission.

Let me make your pictures for you. Write me for further particulars.
